II-7. NEA ESP Negotiation Update

Gina noted that the subcommittee met with NEA today at 4:00 PM. Ryan stated that they provided NEA ESP the contract changes with the biggest change related to interviews/jobs. This was challenged a bit and they reiterated that they want to focus on salary. In November, they requested 11% across the board and bringing all Schedule II employees up to parity with Schedule I employees. They provided a timeframe that they wanted this completed by. We held off on any monetary position and informed them that we are still absorbing the budget. Another meeting was scheduled for June 14th.

The Committee moved to NEA Certified Staff Negotiation Update.
